

# Volunteer Trail Stewards Wanted

## Elachee's Volunteer Trail Steward Program

Join our Trail Stewards program and help Elachee by providing a valuable service to our visitors while enjoying the Chicopee Woods.

Volunteer Trail Stewards will hike the trails and/or be present at trail heads to greet visitors. Elachee will train Trail Stewards to provide trail and Nature Center information, leave No Trace principles, and basic information about plants and animals of the Chicopee Woods.

Volunteer Trail Stewards will record important data on the number of visitors, report on trail conditions and safety, and may perform light trail maintenance, keeping the trails clear of debris and litter.

**Training: Thursday July 15th, 5:30-6:30pm  
or by appointment**
